IRSM

SAFETY FIRST.

WHO WE ARE

Our company was founded in 1994. For more than 30 years, we have been supporting more than 700 organisations (government services, industry, municipalities, logistics, distribution) with the sale of first-aid equipment and our outsourced maintenance service for first-aid kits, the core of our original business.

Today, we offer an extended range of products and services in occupational health and safety and worker protection.

We are known for our rigour, our choice of quality products and our responsiveness. Our processes are strict and fully compliant with regulations, which is why our service-quality and delivery indicators with our clients are at their highest level.

OUR VISION

We aim to be a leading player in occupational health and safety.
Our objectives are clear:

- Raise the overall level of safety across Luxembourg
- Support our partners in managing their risks
- Comply with current regulations

That is why we are constantly developing, to provide solutions to the risks of tomorrow.

THEY TRUST US

Our clients include institutions, construction companies, public-sector bodies, service-sector businesses and municipalities.
We also address specific risks alongside partners in industry, the oil sector and logistics.

FIRST AID

INFO@IRSM.LU

FIRST-AID KITS AND TRAUMA BAGS

Specialists in the sale and annual maintenance of first-aid kits, we help you comply with current standards (ITM, Labour Code, etc.) and ensure optimal protection for your teams and your customers.

FIRST-AID CABINETS AND WALL STATIONS

Our turnkey solutions include:

- ✓ Kits that comply with Luxembourg regulations
- ✓ Annual maintenance with systematic updating of contents
- ✓ Customisation (sizes, specific contents)
- ✓ And above all, tailored to your level of risk

DEFIBRILLATORS

Protect lives with our fully automatic defibrillators. Indoors or in an outdoor cabinet, be ready for any situation!

WORKER PROTECTION

INFO@IRSM.LU

We offer a wide range of worker protection equipment to deal with every type of risk.

GAS DETECTION

Single-gas and multi-gas detectors, sampling pumps: we offer a wide choice of gas detection and sampling equipment.

WORKING AT HEIGHT

Protect your teams when working at height and against falls with compliant, high-quality equipment.

RESPIRATORY PROTECTION

Cartridge filter masks, self-contained breathing apparatus, oxygen cylinders: protect your teams' airways in every situation.

LONE WORKER PROTECTION

Lone-worker protection watches: the most effective alert system to look after your teams. Detection of immobility, loss of verticality or manual triggering: an essential piece of personal equipment.

SERVICES AND TRAINING

INFO@IRSM.LU

Our expertise at our clients' service

Beyond our products, we offer expert services to support you in all your safety initiatives.

AUDIT

Safety audits, security audits, OHS audits, audited full-scale evacuation drills.
Want to know your level of safety?
Preparing for an ISO 45001 audit?
Looking to improve your safety system?
We are here to meet your needs.

RISK MANAGEMENT

Risk assessment and crisis management.
Want to optimise your safety processes?
Need support with crisis management?
Want to put a safety methodology in place?
With IRSM, control your risks with tailored protocols.

SAFETY SUPPORT

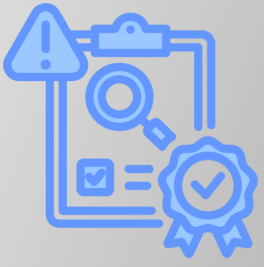

Monthly or annual support, safety expertise, targeted software, PPE 2.0: we deliver effective answers to your on-the-ground challenges.
Want to strengthen safety on your site?
Manage vehicle traffic more effectively?
Stay on top of Quality, Health, Safety and Environment (QHSE)?
With IRSM, control your risks with tailored protocols.

TRAINING AND AWARENESS

TRAINING
First aid or fire safety: train your teams with certified, certificate-awarding courses (INFS/CGDIS).

AWARENESS – EXCLUSIVE IN LUXEMBOURG

Team building through escape games and fun workshops. We cover several key topics (agreed in advance) interactively, so the concepts really stick.
Topics covered: first aid, fire, information security, GDPR, psychosocial risks, MSDs, quality of work life, terrorism and active-shooter module.
