Experienced partners

DAGARD
Environnements sur mesure

Founded in 1951 in Boussac (France), Dagard is a French benchmark for insulating solutions. The company is known for the performance and quality of its insulated sandwich panels. It has 371 employees, all focused on product quality and customer service.

Vetroresina SpA
Fiberglass laminates

Vetroresina is an Italian manufacturer internationally recognized for its glass fiber–reinforced polyester sheets. With production sites in Europe and the Americas, the company supplies millions of square meters of technical sheets each year. ISOSELL is the first distributor of Vetroresina products for the food industry in France.

MTH®

A leader in the production of insulated doors, door components, and systems for commercial and industrial refrigeration. Designed and manufactured in Italy, MTH products are exported to over 70 countries and comply with the highest quality standards.

FERMOD®
INNOVATION *since 1934*

A French company specializing in the manufacture and distribution of closure systems and accessories for isothermal and insulated doors and cold rooms. Renowned internationally for the quality of its products.
